BAPTISTS START DRIVE

A surplus of 2,000 unemployed in Nashville has been caused by the closing of the powder plant, according to Dr. Ware. The last weekly report from Memphis made to Dr. Ware at his headquarters in Nashville, indicated the 101 largest firms here were taking up the sirplus of the Memphis idle. Rinoxville and Chattaneoga both report no surplus, and Tennessee is generally clear of inhorters and unemployed soldiers. The surplus in Nashville is being taken up by the lator burgaut, which is furnishing transportation for the men to their homes.

Dr. Ware sees a huge awakening of business within a short time, hence he believes there will be enough jobs for all.

AIR EDGINGTON CASE

Discussion of the efforts of former Judge Jesse Edgington to be reinstated by the state legislature probably will be one of the matters of importance to come before the Lawyers' club at a called session to be held Monday afternoon at 4.30 o'clock at the Chamber of Commerce. The session has been called by Secretary John L. Exby. While the summons for the meeting did not state that the lawyers will be called upon to take action in the Edgington matter, it is considered most skely that this aftair will be one of the major items to be considered. It is said that these petitions have been in circulation in the past several days and that these petitions have been in the offices of the clarks of the chancery, triminal and circuit courts.

It is understood that Edgington has addressed a letter in each of the legislators asking his support of a bill to remove his disabilities to office.
